

# GERANIUM HOMES LEADING THE WAY...

**2012** was a year of significant milestone achievements for Geranium Homes. The company won top honours in back-to-back housing industry awards. In March, Geranium accepted the prestigious Grand SAM Award at the 2011 Canadian Home Builders' Association (CHBA) Nationals. In April, the company was named "Home Builder of the Year" by the Building Industry and Land Development (BILD) Association. Geranium also received the 2012 BILD Award for Best Design Single Detached home 2,500 – 4,000 square feet for The Alderley Model at Forest Trail Estates; and a second design, The Chatsworth was a finalist.

In November, Geranium successfully unveiled the first ownership opportunity at Friday Harbour a meticulously planned resort development on Lake Simcoe in Innisfil. Friday Harbour is the fruition of 10 years of detailed planning. The resort encompasses 600 acres and features an inland destination marina; a year-round Lake Club; waterfront pedestrian marina village; 18-hole Carrick-designed championship golf course; a seasonal Beach & Tennis Club; a 200-acre pristine nature preserve and a variety of resort homes to suit many lifestyles and budgets. In 2013, construction of the first of many amenities such as Stonefences Golf Club, and excavation of the marina will continue along with sales for resort homes.

Geranium was the first builder to enroll homes under the newly released ENERGY STAR 2012 for New Homes program. These five

homes are now built and Geranium has opened three as Model Homes to showcase its housing opportunities within the Village at Sally Creek adult lifestyle neighbourhood in Woodstock, Ontario.

In 2013 Geranium will continue its successful sales and building program at its flagship master-planned ravine community, The Neighbourhoods of Cardinal Point in Stouffville. Since 2009, Geranium has offered a wonderful housing selection, built-in value and affordability to new home buyers and today almost 600 families call this established community home. Cardinal Point is characterized by stone entry features, a large central park plus smaller parks, two ponds, treed boulevards, 40 acres of preserved valley, ravine and a trail system. The neighbourhood is close to the many shops, dining establishments, recreation and cultural amenities, schools, parks, GO Transit and public transportation offered within Stouffville.

Cardinal Point's extremely popular townhomes have now sold out. Sales remain brisk on Phase V family-sized detached homes on 38- and 42-foot lots. Sizes range from 1,957 to 3,378 sq. ft. with prices starting at \$574,900. Two beautiful fully furnished Model Homes by acclaimed Bryon Patton & Associates Interior Design not only showcase how Geranium's homes are designed for real life, but also provide an array of amazing design ideas that visitors can use in their current home.
